

The Bowtie® Pipe Stand

Save time, money and hassle by using the Bowtie pipe stand in your chamber systems or even your media drain field.

Main Features

- No Straps to deal with
- Easy shipping and storage
- Independent from chamber
- Easily adjustable to different spacing (squeeze and release)
 - Squirt test can be done with pipe in place
 - Assemble bowtie pipe stands on pipe before placement in trench
- Pipes remain level for accurate distribution and drainage

U.S. Patent Pending - Canada Patent# 2,619,627

Large Pressurized Chamber System
